Rob,
By the way, great catch on the two replacement pages! Glad you caught them!

Gwen,

This looks great, but in my last flip through it I found two formatting issues (mine, not yours).

On page 10 you'll see that the total number in the bottom right of the table is too big for the cell and wraps around. So I increased the column width.

On page 34, the very last bottom underline on the table should not be there. I removed it.

I have attached replacement pages with these issues corrected, as well as the entire report, also with these two issues corrected. Otherwise it is identical to what I last sent you.

By golly, we're going for perfection here!

Thanks,

Rob

Gwen,

I think it's all good now. I also did a full update of the TOC and then edited the way I prefer.

Onward!

Thanks,

Rob
